Family Photo Session

A perfect gift for any occasion!

Having a family photo session is an extremely worthwhile and enjoyable experience, especially for those families who have never had a family photo session before. Children grow up so quickly, so you may wish to update a family portrait taken years ago. And often, children are the only ones who are photographed when they are young, but it can definitely be a greater event if you include parents, grandparents, or even pets, as they are all part of your family. This is a real worthwhile family experience that you will remember for many years.

Have your pictures taken in a relaxed, fun environment for you and your family where you can simply be yourself. Let us use our experience and expertise to capture a wide range of great memories that you will cherish forever!

Photo Session includes

- ~ 1 hour of photo shooting time
- ~ Print ready DVD with all your edited photos
- ~ On-line Family Photos Gallery (Password Protected)
- ~ \$50 credit towards album (only applies to album sizes 6x8 and up)

\$85 + Taxes
